

Munster Schools Cross Country Championships 2012

As in previous years parking at the Munster Schools cross-country championships at Cork Institute of Technology on Thursday (9th Feb) will pose difficulties for everyone.

Only very limited parking facilities will be available on a first come first serve basis in the regular car park. Classes at the college will be in full swing. Consequently staff and students will occupy all of the parking spaces by early morning.

The preferred system would be for athletes to be dropped at the mini roundabout and collected later. Large buses will be obliged to apply this drop and go system.

Schools are asked to share transport as much as possible. Those who need to park at the venue are requested to follow the parking instructions that will be in place for the day. **The instructions of the parking attendants must be followed rigorously.** Vehicles illegally parked will unfortunately be clamped.

Once individuals and groups of athletes are on site there will be ample shelter and assembly facilities in the covered spectator stand.

Competitors' numbers will be distributed at the top of the stand. Results will also be on display here as they become available.

Best of luck to everybody on the day and thank you in anticipation for your cooperation and patience.
